

Asset Care Plan

Have your cooling equipment proactively maintained and repairs completed quickly for a set annual fee.

An Asset Care Plan will ensure that your farm chiller units are kept in good working order all year round. A specialist Tru-Test service representative will carry out an annual service and provide a detailed inspection report.

We guarantee a maximum two hour response between 7 am and 9 pm, seven days a week, for any refrigeration issues.

Features and benefits

- ✓ Labour, mileage and parts (including compressors) are included within the plan
- ✓ Minimum of one proactive service within the contract period
- ✓ Inspection report provided after service completion
- ✓ Reactive servicing will be completed at no additional cost
- ✓ Guaranteed two hour response time between 7 am and 9 pm, seven days a week
- ✓ Calls received after 9 pm will be responded to from 7 am the following day
- ✓ Cover can be extended to include other milk cooling equipment. Call for a quote
- ✓ Refrigerant cover can be added at the start of the contract period to cover the loss and replacement of system refrigerant
